WARRANTY**

 **MADE IN
EUROPE**

Because we believe in our made in Europe kites and boards quality, construction, and durability, we are passing these benefits onto our customers. As a result, since 2019, all CrazyFly kites and kiteboards, have an industry leading three years warranty. Your kites and boards are fully covered for three years. This warranty goes beyond regular warranties and includes crashing your kite or board in water when learning to progress.

ELEVATING SENSATION.

Hyper

7m / 9m / 10m / 12m / 15m

HIGH PERFORMANCE FREERIDE/BIG AIR.

Brand new and exclusive to CrazyFly, we introduced TripleX, the most advanced ripstop material on the market. TripleX has by far the best strength to weight ratio and with triple coating its durability is unmatched. The coating protects the fabric from UV rays, salt and abrasive objects, such as sand. Triple coating and three ripstop yarns ensure the lowest possible elongation and deterioration of the material till date.

Arptex sits at the top of abrasion resistant polyamide textiles. This high tech fabric made in Italy can handle plenty of abuse without getting damaged. The official number is 100 000 contacts with abrasive surface before the material starts deteriorating. This is why we selected Arptex as the most suitable material to protect CrazyFly kites in the most abused areas and increase the size of the Arptex Shields.

Sick bar

40cm / 45cm / 50cm / 55cm

Cruz

The lightest Alu foil on the market.
